SUGGESTED MESSAGE POINTS FOR LOCAL BANDS

- I'm excited to be a part of the Woman Thing Music Program and to have an opportunity to perform in front of a hometown crowd. It's great to be opening for someone like Martha Byrne and we hope that the fans enjoy our music.

- Virginia Slims has not asked us to smoke or endorse their products. All they've asked us to do is perform to the best of our ability. This is a program for adults and takes place in adult-oriented venues.

- Smoking is a matter of individual choice and if an adult chooses to smoke their right to do so should be respected, as should the rights of non- smokers.
